

# Tennessee Corn Growers Association

## Membership Application

The Tennessee Corn Growers Association is a grassroots membership organization that serves as a collective voice on agricultural issues at the state, national, and federal levels. When you become a TCGA member, we ensure your voice is heard wherever important decisions are being made.

To join the Tennessee Corn Growers Association, there are various levels of membership available:

- **Grower Member** - Individuals directly involved in the production of corn. Grower members qualify for all association benefits and have voting privileges.
- **Associate Member** - Individuals or businesses who do not produce corn but want to support the corn industry. Associate members receive association information and qualify for most member benefits.
